Chain of Responsibility
Level 2

TLIF0014: Monitor the safety of transport activities (Chain of Responsibility)

Unit Overview

The TLIF0014 unit of competency provides learners with the skills and knowledge required to monitor the safety of transport activities, including determining and monitoring chain of responsibility features in the HVNL, administering and monitoring CoR workplace policies and procedures and identifying and reporting CoR risks.

Who Should Complete This Course?

CoR legislation extends responsibilities to anyone whose actions, inactions or demands can put driver's lives or other lives at risk. Any party who has control in the transport chain can be held responsible and may be legally liable. If you are a frontline manager or supervisor of schedulers, packers, loaders or drivers or you influence any of these roles, you should complete this course.

Course Overview

This course has no prerequisites and the target learners are anyone in the chain of responsibility. The training is delivered either online, remote classroom or face-to-face and includes 6 training modules and 4 assessment activities, (a combination of online and workplace-based, practical tasks).

The focus of this course is on:

✓ Determining chain of responsibility features in the HVNL;

✓ Monitoring chain of responsibility obligations in the HVNL;

✓ Administering and monitoring chain of responsibility workplace policies and procedures; and

✓ Undertaking due diligence activities.

Estimated Course Duration

The estimated completion time for this training is 4-6 hours

✓ Training modules (1.5 - 2 hours)

✓ Assessment activities (2.5 - 4 hours) + 4 weeks for observation report completion

Course Outline

Module 1 Legislation and Key Roles

Module 2 CoR Focus Areas (Load Restraint, Mass & Dimension, Fatigue & Speed)

Module 3 Workplace Policies, Procedures and Documents

Module 4 Workplace Responsibilities

Module 5 Breaches of CoR and Penalties

Module 6 Reporting and Communication

Assessment Outline

After completing the training modules, there are several assessment tasks to complete, including a:

- ✓ **Written Workbook Assessment** A series of questions that require a short, written response to demonstrate your understanding of the chain of responsibility regulations related to your workplace;

- ✓ **Verbal Assessment** Several questions that require a short, verbal response to demonstrate your understanding of the chain of responsibility. This activity is completed by calling the Urban Global Assessment Hotline and speaking with an Assessor;

- ✓ **Practical Assessment** Involves submitting example documentation to demonstrate your understanding and practical ability; and

- ✓ **Third Party Observations** An appropriate third-party will observe you completing CoR-related tasks in your workplace over a period of 4 weeks and provide a report to be used as evidence of your ability to perform required tasks to a satisfactory level

Delivery Options

Providing an interactive and engaging way to build your knowledge and understanding of the Chain of Responsibility, the **online** and **remote** training options provide flexibility, convenience, consistency and efficiency at a competitive price.

If you prefer, we have qualified trainers that can deliver the nationally recognised CoR Level 2 training onsite at your organisation. Please contact us for pricing options of **face-to-face** delivery.

How Much Does It Cost?
